

# Continuous Disclosure Policy

## 1. Guiding Principle

---

- 1.1 Resonance Health Ltd (ASX: RHT) (**Company**) is committed to complying with the continuous disclosure obligations of the *Corporations Act 2001* (Cth) and the listing rules of the Australian Securities Exchange (**ASX**).
- 1.2 The guiding principles of continuous disclosure are set out in Australian Securities & Investments Commission (**ASIC**) Regulatory Guide 62 - 'Better Disclosure for Investors'.

## 2. Continuous Disclosure

---

- 2.1 ASX listing rule 3.1 (**LR 3.1**) provides that *'Once an entity is or becomes aware of any information concerning it that a reasonable person would expect to have a material effect on the price or value of the entity's securities, the entity must immediately tell ASX that information'*.
- 2.2 To ensure the Company meets its obligation to disclose such information in a timely manner, the Company adheres to the following practices:
- (a) The Company immediately notifies ASX of information concerning the Company that a reasonable person would expect to have a material effect on the price or value of the Company's securities, as prescribed under LR 3.1, except where such information is not required to be disclosed in accordance with an exception to LR 3.1.
- (b) All information disclosed to ASX is promptly placed on the Company's website following receipt of confirmation of release from ASX.
- (c) Acknowledging that market speculation and rumours, whether unsubstantiated or not, have the potential to impact the Company, the Company's general policy is to respond by stating that it does not respond to market rumour or speculation. However, it may be necessary to make an announcement in certain circumstances and consider applying to ASX for a trading halt until an announcement is made.

## 3. Prevention of Selective Disclosure

---

- 3.1 The Company has procedures to ensure that a wide audience of investors has access to information given to ASX for market release. These procedures include, but are not limited to:
- (a) updates of important milestones, including information that may not strictly be required under continuous disclosure requirements; and
- (b) ensuring that the Company Secretary is made aware of disclosures in advance to minimise the risk of continuous disclosure breaches.

## 4. Financial Markets Communication

---

- 4.1 The Company follows a program of quarterly

disclosures to the ASX on its financial results. These are complemented by disclosures during the year as events occur.

- 4.2 All contact with external parties is on the basis that price sensitive information will not be discussed unless:
- (a) such information has been formally disclosed to the market via an ASX announcement; or
- (b) the Company needs the external party to know such information to progress discussions with them in relation to the Company's business and a confidentiality agreement has been signed protecting the confidentiality of that information. If disclosed price sensitive information subsequently ceases to be confidential for any reason, the Company will formally disclose that information to the market.
- 4.3 The only Company officers authorised to speak on behalf of the Company to institutional investors and analysts are:
- (a) Chairperson;
- (b) Chief Executive Officer (**CEO**);
- (c) Chief Financial Officer (**CFO**); and
- (d) Company Secretary.

## 5. Release of Briefing Materials

---

- 5.1 Any written materials containing new price sensitive information to be used in briefing media, institutional investors and analysts are lodged with ASX prior to the briefing commencing. Upon confirmation of release by ASX, the briefing material is posted to the Company's website. Briefing materials may also include information that may not strictly be required under continuous disclosure requirements.
- 5.2 Media releases, quarterly financial reports and AGM speeches are also lodged with ASX and, upon confirmation of release by ASX, these are posted to the Company's website.

## 6. Financial Information – Communication Blackout Periods

---

To protect against inadvertent disclosure of price sensitive information, the Company imposes communication blackout periods for financial information between the end of financial reporting periods and the announcement of results to the market. During these periods, the Company does not discuss undisclosed financial information with individual investors, institutional investors, analysts, or media representatives unless such meetings or briefings are the subject of a specific announcement to the market via ASX.

## 7. Earnings expectations

---

Comments on expected earnings are confined to the quarterly financial reports or forecasts in a bidder's

statement or a prospectus, but any material change in a disclosed expectation is disclosed immediately via ASX.

## 8. One-on-One Briefings of Institutional Investors and Analysts

---

- 8.1 The Company hosts one-on-one briefings for investors and analysts to discuss information already released to the market via ASX and to provide background information to assist analysts and institutions in their understanding of the Company's businesses.
- 8.2 In hosting one-on-one briefings, the Company's policy is to not disclose or discuss price sensitive information unless such information has already been released to the market via ASX.
- 8.3 Generally, such interviews are conducted by the Chairperson, CEO, or CFO and, where convenient, another senior executive attends to consider whether there has been an inadvertent disclosure of price sensitive information. If there has been such a disclosure, the information is immediately disclosed to ASX.

## 9. One-on-One Interviews with Media

---

The Company responds to requests from media representatives for one-on-one briefings on a range of issues. In the course of these interviews, the policy is not to disclose or discuss price sensitive information unless such information has already been disclosed to the market via the ASX. Such interviews are generally conducted by the Chairperson, CEO, or CFO and, where convenient, another senior executive attends to assist in the review process previously described.

## 10. Review of Analyst Reports and Profit Forecasts

---

In reviewing the content of these reports, the Company will correct factual inaccuracies or historical matters. The Company will not provide price sensitive information or earnings forecast guidance unless such information has already been disclosed to the market via the ASX.

## 11. Accountabilities and Responsibilities

---

- 11.1 For administrative convenience, the Company has nominated the Company Secretary as the person responsible for communication with the ASX. In addition, the Company Secretary has responsibility for overseeing and coordinating disclosure of information to ASX and communicating with the CEO in relation to continuous disclosure matters.
- 11.2 The CEO is responsible for overseeing and coordinating disclosure of information to the media and to analysts, brokers and shareholders and communicating with the Company Secretary in relation to continuous disclosure matters.
- 11.3 Responsibility for reviewing disclosure issues arising from open or one-on-one briefings with either financial market or media representatives lies with the presenter.
- 11.4 Each manager of a business unit is responsible for:

- (a) communicating with the Company Secretary in relation to possible continuous disclosure matters; and
- (b) communicating with the CEO in relation to media matters and investor relations matters concerning the business unit.

## 12. Continuous disclosure committee

---

- 12.1 A continuous disclosure committee has been formed, comprising the following:
- (a) CEO; and
- (b) Company Secretary.
- 12.2 A meeting of the committee may be convened from time to time to consider continuous disclosure issues.
